Introducing the Project Amp Resource Website

The Project Amp team is pleased to announce the public launch of the Project Amp resource website, with information and tools for youth, mentors, parents, and agency staff. The website can help individuals and agencies that are interested in learning more about Project Amp, and includes a range of training and implementation resources.

Please share! We hope that you and others in your network benefit from this resource website. We encourage questions, feedback, and ideas for improvement at any time.

Check out the following links to get started:

- ***How did Project Amp begin?***
  Read our Formative Research Report for a background on designing the brief intervention.
- ***What happens during Project Amp?***
  See the Intervention Manual to learn more about the flexible session structure and find topics, worksheets, and additional youth resources.
- ***How do agencies start Project Amp?***
  The Implementation Guide will walk you through key steps and considerations for setting up Project Amp in your community.

RESOURCES

Marijuana Use: Perceived Risks and Prevalence
Read about unexpected findings from the University of Michigan on prevalence and attitudes about marijuana use among adolescents.

Evidence-Based Approaches to Prevention
This Mentor UK webinar introduces participants to evidence-based approaches for delivering alcohol and drug education in classroom settings.

National Institutes of Health (NIH) Releases Adolescent Brain Data
Interim data are now available from the Adolescent Brain Cognitive Development (ABCD) study, the largest long-term study of brain development and child health in the United States.

Finding Success through Recovery
Musician Matt Butler tells his story about early substance use, treatment, and recovery, as well as the specific challenges he faced as a young person in recovery.

- ***Where do I find mentors?***
  The Mentor Hiring Guide will help you recruit, hire, and support young peers.

- ***Where can I find mentor training?***
  Explore the Training Modules to gain essential skills and knowledge.
